

An Adventure with Grandma

My Name is Joseph and today I had an adventure with my grandma Emma. First she was teaching me how to walk on stilts in her back yard. It was a sunny day and we walked all the way to the park near her house. Along the way we had a few fresh apples that had fallen from the apple tree. While we were at the park I met a dog named Frisky, he looked like a collie with wiry hair. On our way home from the park grandma and I stopped for an ice cream cone. I had a cone with chocolate ice cream and marshmallow sauce on top. I can't wait for my next adventure with grandma Emma.
